

NorthStar automotive batteries excel at providing both high reserve capacity and cranking amps, perfect for performance and stop-start technology applications.

- Pure lead AGM technology delivers exceptional CCA ratings and reserve capacity cycling ability
- OEM fit is ensured – built to exact BCI standards
- Housed in advanced plastics for durability performance and

# ELT-AGM35

## Technical Specifications

### Technical data

Terminal configuration	SAE
Terminal illustration	
CCA rating at -18°C (0°F)	675 A
CA/MCA rating at 0°C (32°F)	770 A
Reserve capacity	110 min
Warranty	3 years full
Quantity per layer	20
Quantity per pallet	60

- Approved as non-hazardous cargo for ground, sea, and air transportation in accordance with US DOT Regulation 49 and ICAO & IATA Packing Instruction 806. Please see our SDS for complete details at [www.enersys.com](http://www.enersys.com)
- Complies with Telcordia® SR-4228, Network Equipment Building System (NEBS™) Criteria Levels
- The management systems governing the manufacture of this product are ISO 9001 and ISO 14001 certified
